A 3D perspective view of a rectangular block with a circular feature on its top surface, labeled with the number '5'. The block is shown in a light gray color. A circular inset provides a magnified view of the circular feature, which is a small, cylindrical protrusion. The inset shows the feature from a top-down perspective, highlighting its circular shape and the small protrusion. The main view shows the block with the circular feature on its top surface, and a circular inset provides a magnified view of the feature.
